Enduring character,
beauty, strength
and bragging rights.

7" CLAPBOARD IN FROST,
BOARD & BATTEN IN FROST

ON COVER:
7" CLAPBOARD IN WROUGHT IRON,
TRIM IN RIVER ROCK

From seamless beauty to design

possibilities to low maintenance,

Celect® Cellular Composite Siding by Royal®

is engineered to impress and astound.

In other words, it's built to look beautiful

for a very long time.

5" SMOOTH CLAPBOARD IN, TRIM IN FROST

7" CLAPBOARD IN PINE BROOK

7" CLAPBOARD IN WILLOW, BOARD & BATTEN IN WILLOW, TRIM IN WROUGHT IRON

GORGEOUS AESTHETICS AND NEAR-ZERO MAINTENANCE. HOW BEAUTIFUL IS THAT?

Celect is inspired by the distinctive presence of wood yet possesses none of wood's far-from-perfect maintenance demands. This is the very best of both worlds—where you get the look, touch and timelessness of real wood without its inconveniences and expenses.

Forget about mold, mildew, fading, deterioration, scrubbing and messy maintenance crews. While you're at it, disregard painting, repainting, caulking, re-caulking and the delaminating. Celect's awesome, virtually maintenance-free looks never quit. Year after year, decade after decade.

- **Stands up to impact even under the harshest weather conditions**
- **Fade-resistant Kynar Aquatec® coating withstands all weather conditions and climates**
- **Backed by a 25-year color protection warranty**

IT PERFORMS AS FLAWLESSLY AS IT LOOKS.

Celect has the amazing curb appeal of natural wood, but that's where the similarities end. Its patented interlocking joints* keep moisture out and almost completely eliminate seams, so it not only looks authentic, it does away with gaps and wavy lines—keeping boards straight and true through the home's natural expansion and contraction.

Plus its gravity lock design eliminates warping, buckling and shifting while boosting wind resistance to more than 210 mph.

Celect's unique gravity lock design keeps courses locked tight to maintain structural integrity.

Our patented interlocking joints eliminate gaps, buckling, wavy lines, caulked seams and energy loss.

*Patent No: US 8,402,707 B2 (2013)

INFLUENCED BY TIMELESS CHARM.
UNFAZED BY RELENTLESS ELEMENTS.

Select Clapboard, Board & Batten and Shake Premium Siding options are all made from the same recyclable, state-of-the-art cellular material. Which means every one of our siding styles not only faithfully reproduces the texture, look and solid heft of real wood, but is unaffected by mold, mildew, weather and time.

7" Clapboard

Here is beautiful, dimensional evidence of Celect's virtually seamless curb appeal, weather defiance and maintenance freedom.

5" & 7" Smooth Clapboard

New to the line, our smooth boards match the finish of genuine cedar to create a traditional look, and highlight the architectural features of virtually any home.

Board & Batten

It looks uniquely stunning as a gable accent on historically themed French Country homes, cottage-style homes and farmhouses.

7" Shake

Drape your whole exterior in its authentically rustic depth and emotion. Or use it as a powerful accent to tie together other aspects of your exterior.

A COLOR PALETTE THAT'S RICH, DEEP AND HERE TO STAY.

For Celect's versatile color palette, Kynar Aquatec® coating is more like a coat of arms: moisture protection and extreme weatherability in the face of anything the meteorological fates dish out. Celect's factory-applied, designer-inspired, gorgeous colors are formulated to stay true for as long as you own your home and hold up to beauty inspections up close or from the curb. We even put a 25-year warranty on the finish.

Presenting our fade-defying, character-building colors.

THE CO-STARS OF YOUR HOME EXTERIOR SHOW.

Details are an essential element of exterior design and play a significant role in elevating the profile of any home. Select Trim and Moulding options—starting with corners and window surrounds—are the perfect example of this happy phenomenon.

They come in the same fade-resistant Kynar Aquatec®-coated color palette as Select Siding. So they complement each other perfectly and have the same high aesthetic and low maintenance benefits.

Window surrounds complete the curb-appealing picture.

AESTHETICALLY INSPIRING. PRACTICALLY PLEASING.

Our premium mounting blocks are crafted from the same state-of-the-art cellular materials as our premium siding, and effortlessly combine form and function. Building pros love them because they work seamlessly with the Select installation system. Our elegantly designed vents enhance the breathability of your home's exterior, and both our mounts and vents are an exact color match to Select Siding and Trim.

TRIM IN FROST

In the world of home exteriors,

this is enviable, invincible perfection.

RECYCLABLE, SUSTAINABLE AND SERIOUSLY GREEN.

A recyclable exterior that helps you reduce energy costs as long as it's on your home is a beautiful thing. Celect is warmer in the winter, cooler in the summer and greener all year long. Plus it provides an R-value that's almost twice the thermal resistance of any other comparable material on the market. In other words, it's as much of a renewable investment as it is a renewable material.

- **Unique white substrate helps lower heat absorption**
- **Kynar Aquatec® coating provides superior UV resistance and reflects energy back into the atmosphere—reducing the energy demands of heating and air conditioning**
- **Insulates 70% better than wood**
- **Has almost twice the R-value of fiber cement and wood**

CELLULAR COMPOSITE SIDING BY ROYAL

Royal® Building Products exists for one reason: to push the limits of what every type of exterior can be. We strive for best-in-class manufacturing and industry-leading innovation. What drives us? Every homeowner who demands exteriors that add value, perform impeccably, look amazing and make their lives easier. Our goal is to bring more products, more styles, more technology, more design insight and more sustainable solutions to the attention of everyone who cares about creating the best exterior possible.
